Executive Summary

ATP Services is pleased to present this comprehensive proposal for accounting, taxation, and payroll services to **Pienaars River Materials (Pty) Ltd**. Our solution is designed to ensure full regulatory compliance, protect your directors from personal liability, and provide the financial clarity needed to drive sustainable business growth.

In South Africa, businesses are required to comply with a range of regulatory obligations. Non-compliance carries severe consequences, including financial penalties, legal exposure, and operational disruption. The key areas of compliance include:

- **SARS Compliance** — Company tax returns (ITR14), VAT submissions, provisional tax (IRP6), PAYE, UIF, and SDL obligations
- **Department of Labour** — Employment equity, skills development levies, and basic conditions of employment
- **COIDA / Workmen's Compensation** — Registration, annual returns, and assessment payments to the Compensation Fund
- **Bargaining Councils** — MIBCO and other sector-specific compliance obligations
- **CIPC** — Annual returns, beneficial ownership declarations, and company amendments

Consequences of Non-Compliance

Failure to meet these obligations may result in:

- **Financial Penalties** — SARS penalties of up to 200% on outstanding tax, plus daily compounding interest
- **Legal Exposure** — Directors may be held personally liable for company tax debts under section 180 of the Tax Administration Act
- **Business Disruption** — Inability to obtain tax clearance certificates, loss of government tenders, and CIPC deregistration
- **Criminal Prosecution** — Wilful non-compliance may result in criminal charges against responsible directors

Our Vision: To be a trusted compliance and financial management partner for every growing South African business.

Our Mission

- Deliver practical, high-quality accounting and tax solutions that protect businesses and their directors
- Ensure full regulatory compliance across SARS, CIPC, COIDA, and the Department of Labour
- Empower business owners with accurate, timely financial information for better decision-making
- Provide fixed, transparent pricing that eliminates billing uncertainty

About ATP Services

Accounting Taxation & Payroll (Pty) Ltd (trading as ATP Services) is a Durban-based accounting practice committed to delivering practical, high-quality financial solutions to small and medium enterprises across South Africa.

Founded on the belief that every business deserves access to professional accounting services without the burden of unpredictable fees, ATP Services offers a unique fixed-pricing model that never exceeds 1% of a client's monthly gross revenue. This transparent approach eliminates billing surprises and allows business owners to budget with confidence.

Our team combines deep technical knowledge of South African tax legislation with a hands-on, client-focused approach. We don't simply process numbers and submit returns — we actively monitor your compliance status, identify risks before they become problems, and provide proactive advisory to support your growth objectives.

Our Values

Transparency

We believe in honest, upfront communication. Our fixed pricing model means you always know what you're paying for. There are no hidden fees, no surprise invoices, and no hourly rate escalation. Every engagement is documented clearly, and every deliverable is defined in advance.

Collaboration

We work alongside our clients as an extension of their team, not as a distant service provider. Your dedicated account manager is accessible via phone, email, or in-person meetings. We take the time to understand your business, your industry, and your goals.

Continuous Improvement

The regulatory landscape in South Africa is constantly evolving. We invest in ongoing professional development, adopt the latest cloud-based accounting technologies, and continuously refine our processes to deliver faster, more accurate results for our clients.

"We don't just process numbers — we protect your business."

Our Services

ATP Services operates across three core service pillars, each designed to address a critical area of business compliance and financial management. Together, these pillars provide a complete solution that protects your business, ensures regulatory compliance, and supports informed decision-making.

PILLAR 1

Accounting & Bookkeeping

Accurate financial records are the foundation of every successful business. Our accounting team processes your transactions, reconciles your accounts, and delivers monthly management reports that give you a clear picture of your financial position.

- Monthly bookkeeping and bank reconciliations
- Annual financial statements and trial balances
- Management reports and cash flow analysis
- Creditors and debtors management support
- Cloud-based accounting platform setup and maintenance

PILLAR 2

Taxation & Compliance

Navigating South Africa's tax landscape requires specialist knowledge and meticulous attention to deadlines. We handle every aspect of your tax obligations, from annual returns to ad-hoc compliance requirements.

- Company tax returns (ITR14) and assessments
- Monthly and bi-monthly VAT submissions (VAT201)
- Provisional tax returns (IRP6) — first and second period
- CIPC annual returns and beneficial ownership declarations
- Tax compliance certificates and letters of good standing
- SARS dispute resolution and objection submissions

Payroll Management

Payroll is one of the most time-sensitive compliance areas for any employer. Our payroll team ensures your employees are paid accurately and on time, while all statutory submissions are completed within the prescribed deadlines.

- Monthly employee payroll processing and payslip generation
- PAYE, UIF, and SDL submissions to SARS (EMP201)
- Annual employer reconciliation (EMP501) and IRP5 certificates
- Leave management and employee record maintenance
- COIDA/WCA registration and annual returns

Why Choose Us

ATP Services is built on a foundation of transparency, reliability, and genuine commitment to our clients' success. Here are six reasons why businesses across South Africa trust us with their compliance and financial management.

Fixed Transparent Pricing

Our fees are based on a small fraction of your turnover — never more than 1% of monthly gross revenue. No hourly rates, no hidden fees, no surprises. The smaller your turnover, the less you pay.

Full Compliance Coverage

From SARS and CIPC to COIDA and the Department of Labour, we cover every regulatory obligation your business faces. One provider, complete peace of mind.

Dedicated Account Manager

Every client is assigned a single point of contact who knows your business inside out. No call centres, no ticket queues — just direct access to your accountant.

Technology Driven

We leverage cloud-based accounting platforms for real-time collaboration, automated bank feeds, and instant access to your financial data from anywhere, at any time.

Director Protection

Directors can be held personally liable for company tax debts. We proactively monitor your compliance status and ensure all statutory obligations are met, protecting you from personal exposure.

Proactive Advisory

Beyond compliance, we provide monthly management reports and strategic consultations to help you identify growth opportunities, optimise tax structures, and make informed decisions.

OUR PROMISE

We treat your business as if it were our own. Every submission is checked twice. Every deadline is tracked. Every rand is accounted for.

Client Testimonial Process

We believe that results speak louder than promises. Upon engagement, we commit to delivering measurable outcomes within the first 90 days, including a full compliance health check, resolution of any outstanding SARS issues, and establishment of a structured monthly reporting cycle.
